

PRESSURE/VACUUM FILLCAP

Features

A new concept in venting small AST's. This 2" Pressure/Vacuum Relief Fillcap incorporates several outstanding design features including a lockable cap as standard, scallop style lid for "sure grip" tightening and a large warning label minimizes the chances of accidental opening under pressure.

The special pressure and vacuum relief system provides safety from product leakage, provides relief when filling or dispensing of product and minimizes fuel evaporation. The fillcap is set to relief pressure at 3 psi and vacuum at 0.5 oz. pressure.

88 P/V Fillcap

Flow Rate
Pressure at 3 PSI: 400 SCFH
Vacuum at 0.5 PSI: 50 SCFH

Part No. Description
88-01-2000 2" Pressure/Vacuum Fillcap
