

NYLON BUSHINGS & FLANGES

Features

Nylon bushings designed to provide dielectric isolation. Ideal for any installation requiring isolation of carbon steel tank risers or other underground carbon steel components.

CPNB

Part No.	Size NPT
CPNB-13-2015	2" X 1 1/2"
CPNB-13-3020	3" X 2"
CPNB-13-4020	4" X 2"
CPNB-13-4030	4" X 3"
CPNB-13-5040	5" X 4"
CPNB-13-6040	6" X 4"
CPNB-13-8060	8" X 6"

Features

Nylon Flange set dielectrically isolates piping from other components. Each flange set contains an isolating nylon flange, cast iron zinc plated flange, bolts, nuts and gasket. Nylon flange set comes assembled and ready for installation.
