

## 109 Access Manhole

### Features:

This is an inexpensive, lightweight access manhole where a fill opening is not required. Cover sealed in place with ring type clamps and one bolt, which can be quickly and easily removed. This manhole is desirable where two openings in a tank is required and venting is necessary in only one of the manholes. Made from 12 gauge metal.

Optional: 2097-23QO Quick Opening Clamp at extra charge.

<u>Part No.</u>	<u>Size</u>	<u>Wt.Lbs.</u>	<u>Material</u>
0109-09-1600	16"	12	Carbon Steel
0109-03-1600	16"	7	Aluminum*
0109-07-1600	16"	14	SST 304*
