

2" Pressure Actuated Vent

0947-03-2000

Features:

The 947 Pressure Actuated Vent for external venting, is assembled with a steel weld flange for welding installation externally. This vent is ideal for additional venting capacity. This 947 unit can be welded to the tank shell.

The vent is constructed of Aluminum parts, Buna N Gaskets and 304 Stainless Steel Springs, a 2" Galvanized Mushroom Vent and a Cast Steel Weld Flange.

Clay & Baileys pressure actuated vents can be used in a variety of mobile equipment application installations where pressure and vacuum relief are required.
