

**CPIU**

Part No.	Size NPT	Wt. lbs
CPIU-13-1500	1 1/2"	3.7
CPIU-13-2000	2"	4.1

### Features

Insulating unions are made of malleable iron with a buna-n gasket, and rated to 600 psi. Designed for use on UST installations, the insulating unions provide dielectric isolation of piping from other buried system components.

**CPGC**

Part No.	Size NPT	Wt. lbs
CPGC-09-1000	1"	0.4
CPGC-09-1500	1 1/2"	0.5
CPGC-09-2000	2"	0.7
CPGC-09-4000	4"	1.0

### Features

Heavy duty grounding clamps made of ductile iron with a zinc plated coating. Adjustability of clamps and large connection surface provides a reliable lead wire connection for anodes.
