# TERMS & CONDITIONS OF SALE

## TERMS -

Net 30 days on approved credit.  
Past Due Account: Add 1 1/2% per month.

## FREIGHT POLICY -

**Clay & Bailey will pay the freight charges on orders totaling \$3,500 NET in value.**  
The **\$3,500 NET** value threshold applies to individual orders and Blanket order releases shipping to one location (Not the Total Blanket Order Value)

Clay & Bailey reserves the right to select the method of shipment and carrier to handle the freight. If the method of shipment requested is other than standard delivery, extra freight charges may apply. **Handling charges may be added for UPS shipments.**

LTL Export shipments will be charged an additional processing fee.

***Due to the volatility of fuel and transportation costs, fuel surcharges or other costs will be added to prepaid shipments.***

Manhole #'s 544, 546 and 650 and the Reverse Flange Manways are excluded from this policy. They are F.O.B. our facility (KCMO) regardless of the order quantity.

## EXPORT FEES -

We will be adding a **\$65.00** charge to all customer invoices where the preparation of LTL export documents is required.

## EXPEDITED SHIPMENT REQUESTS -

New Orders requesting same-day shipment will be charged **\$100.00 NET**.  
This charge will be added to the cost of the freight and products.

## MINIMUM INVOICE -

No invoice will be rendered for less than \$70.00 Net, plus shipping charges, if applicable.

## PRICES & PRODUCT DESIGN -

ALL PRICES and PRODUCT DESIGN are subject to change without notice.  
Possession of this price sheet does not constitute an order to sell.

## RETURN GOODS POLICY -

**No material is to be returned without our written permission.**

When permission to return materials is granted, all transportation charges are to be prepaid and a normal 25% handling charge will be assumed by the customer. Credit will be issued based on price in effect, or purchase price, whichever is lower. All material must be in first class saleable condition and credits will reflect a deduction for any original freight allowance. In special cases we reserve the right to increase the percentage of handling charges.

We do not purchase surplus inventories.

## SPECIAL MERCHANDISE -

Merchandise other than advertised will be subject to receipt of a signed written order and shipment immediately upon completion. Cancellation will be subject to the cost of material, tooling and labor involved.

## Special Request for Certifications, Drawings

Requests for MTR, Testing Certification, Drawings, Design or Engineering time will be considered. A fee for this extra service will be issued.

# Limited Warranty Statement

Clay & Bailey Manufacturing Company, the Seller, warrants, to the original purchaser only, that all fittings manufactured by it shall be free from defects in material and workmanship for a period of one year only from the date of delivery to the original Purchaser. Should any such defects arise during the one-year warranty period, the fitting will be replaced or repaired without charge.

The warranty obligations of Seller shall be limited to repair or replacement of the fitting, and it shall not be liable or responsible under any circumstances or in any amount for consequential or incidental damage(s) or for injury or damage(s) to persons or property using or used in connection with the fitting or for loss of profits or other costs or expenses of any kind or character. There are no warranties or representations by Seller other than as set forth herein, either express or implied, and no person, firm or corporation is authorized to make any representation or incur any obligation in the name or on behalf of Seller except as stated herein.

This warranty applies only during normal use and care and is absolutely void if the fitting is misused, neglected, or damaged after delivery to Buyer, or if it is improperly assembled or erected, or if it has been disassembled, repaired, or altered by someone other than the Seller.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Any action on this warranty must be commenced within two years from the date of delivery of the fitting or such action shall be barred.

THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF FITNESS OR MERCHANT ABILITY.

Care should be exercised in the handling and installation of all fittings. Follow all installation and maintenance instructions for proper handling of each item.

Do not return material without our written permission. Return transportation charges must be prepaid and returns are subject to a 25% handling charge to the customer.
