

Grate

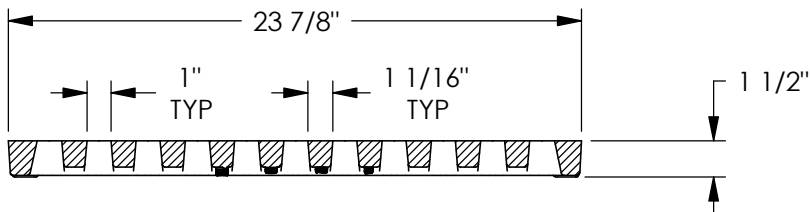

SECTION B-B

Part Number: 02143-01-6300

Design Features

- Materials
Gray Iron ASTM A48 Class 35B
- Design Load
Heavy Duty H-25 Loading
- Open Area
91 SQ. INCHES
- Coating
Undipped

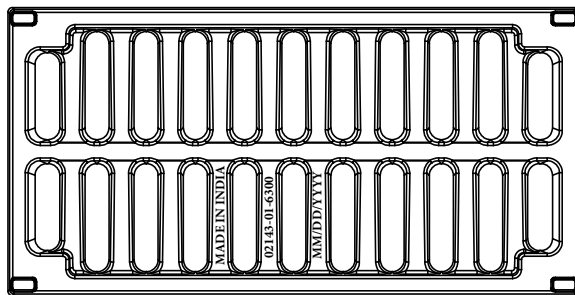

SECTION A-A

Certification

- ASTM A48 Class 35B Material
- AASHTO M306 H25 Load
- Country of Origin: India

For H25 loads, the casting is required to withstand a 50,000-pound proof load in the center of the casting applied with a 9-inch by 9-inch pad (plate). Any cracks or permanent deformation greater than 1/8" are cause for rejection.
