## 2153 DOUBLE FRAME & GRATE

### Features:

The 2153 Double Frame & Grate can be used with either the 2152 regular grate or the 2152 bicycle grate.

The 2152 regular grate features a reversible design with 1 curved side and 1 flat side.

The 2152 bicycle grate features slanted openings to provide protection against bicycle tires being caught in the openings.

The 2152 grates also fit the 2154 single frame & grate.

The AM HWY 2152 series domestic steel risers are used with this grate in 2".

These raise the GRATES ONLY.

### Part Number Variations:

EJ 00526031 Domestic Regular Grate

EJ 00526015 Foreign Double Frame

02152-01-6001 Foreign Regular Grate
