

AM HWY MANHOLE SAFETY RAMPS

Features:

- Made of durable 100% recycled rubber
- Available in four sizes (10", 26", 28" & 31" I.D.)
- Grip tight design
- Stackable for storage
- Fast simple installation

Part Number Variations:

- AM HWY MSR-10 10" Manhole Safety Ramp
- AM HWY MSR-26 26" Manhole Safety Ramp
- AM HWY MSR-28 28" Manhole Safety Ramp
- AM HWY MSR-31 31" Manhole Safety Ramp

Advantages:

- Eliminate Claims on Mill and Fill operations
- Eliminate Material cost for cold patch
- Eliminate Labor putting down cold patch
- Eliminate Labor removing cold patch
- Eliminate Disposal cost of cold patch
- Safety Ramp protects vehicles from damage
- Reusable
- Cost effective
- Various sizes

Now you can safely and smoothly ramp over those raised manholes or manhole risers during road construction projects in a matter of seconds using the Manhole Safety Ramp. Made of tough, durable rubber, these Safety Ramp Rings fit securely around raised utilities or manhole risers. They won't shift or slip. Just drop them in place, and remove them by simply picking them up. You'll increase safety and save money by reusing them again and again, year after year.
